		Lectures	3		5
		Total	3		5
Add rows if necessary. The organisation of teaching and the teaching methods used are described in detail at (d).					
COURSE TYPE general background, special background, specialised general knowledge, skills development	Scientific Area	(Specialty), Com	npulsory		
PREREQUISITE COURSES:	None				
LANGUAGE OF INSTRUCTION and EXAMINATIONS:	Greek & for Erasmus foreign students English				
IS THE COURSE OFFERED TO ERASMUS STUDENTS	YES				
COURSE WEBSITE (URL)		uowm.gr/perigra uowm.gr/course		nato	n/#1

(2) LEARNING OUTCOMES

Learning outcomes

The course learning outcomes, specific knowledge, skills and competences of an appropriate level, which the students will acquire with the successful completion of the course are described.

Consult Appendix A

- Description of the level of learning outcomes for each qualifications cycle, according to the Qualifications Framework of the European Higher Education Area
- Descriptors for Levels 6, 7 & 8 of the European Qualifications Framework for Lifelong Learning and Appendix B
- Guidelines for writing Learning Outcomes

Upon successful completion of the course students are expected to have the: Knowledge to be able to:

- ♦ To know the interesting world of business (small, medium and large) and to understand the mechanisms of operation of the business process.
- Understand the impact of the environment on the operation of the business.
- ♦ To distinguish the main advantages, but also the weaknesses of companies, to research their competitiveness and the role of innovation in "small" entrepreneurship.
- ♦ To prepare business plans in an uncertain and fluid economic environment and to plan the business activity in a scientific way.
- ♦ Have a clear picture of the functions of the Administration.
- Recognize the importance of information for decision making.
- ◆ To develop knowledge and basic skills of Human Capital Management Strategy (recruitment, recruitment, development) and to formulate basic strategies and policies for the needs of companies.

- ♦ Apply the correct control techniques.
- ♦ Analyze complex business problems.
- Finally, to be able to support the actions of businesses and entrepreneurs in the direction of extroversion, the rational use of resources and sustainable competitiveness.
